

ONLINE FIVE DAYS TRAINING ON SOLAR PV DESIGN, INTEGRATION, PERFORMANCE AND BUSINESS

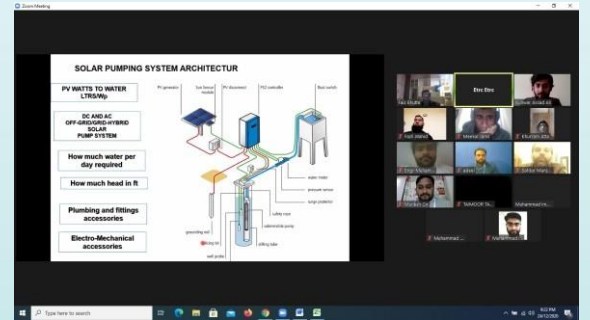

ABOUT ETRC

ENERGY TRAINING AND RESEARCH CENTER (ETRC) is a SECP (Security Exchange Commission of Pakistan) registered Not for Profit organization for certifications in Energy sector. The center emerged as result of merger of already established Energy Training Center (ETC) and PRENAC Renewable Academy in Pakistan working since 2015. ETRC is situated at 200 Main Ferozpur Road and has well equipped training auditorium/class rooms and Lab/workshop equipped with Solar PV trainer platforms and rooftop solar system for Hands-ON training and exercisers. So far more than 3000 persons have been training in Energy related courses. ETRC is run by the board and Engr. Faiz Bhutta is the Chief Executive Officer and Master Trainer and Solar PV expert.

COURSE MODULES

- MODULE-1 (DAY-1)** - Electricity and Solar Basics
- MODULE-2 (DAY-2)** - Solar PV System types, components and specifications (Cells, Modules, Charge Controllers, Inverters, PV cables, batteries, protections, mounting etc)
- MODULE-3 (DAY-03)** - Solar PV System Design Practice by Manual formulas, GIZ software and Solar PV Syst software)
- MODULE-04-** (DAY-04) Safety - Protection, Quality and Business
- MODULE -05 -**(DAY-05) - Installation, Operation- Maintenance, and design practice.

WHO CAN ATTEND

1. Person starting new Solar Business
2. Person improving or upgrading Existing Solar Business
3. Factory Manager, Maintenance Manager and Supervisor
4. Engineers, BTECH and DAE
5. Graduates and Intermediate in search of getting job

TRAINING CHARGES AND PAYMENT

As per advertisement

TRAINER

Engr. Faiz Bhutta is master trainer.
